(a) The Contractor is to deliver the materials on or before the dates mentioned in the tender, failing which he shall be bound to pay or allow one percent on total amount of the Contract for every day not exceeding ten days that the Contractor shall exceed the time for delivery as and by the way of liquidated damages. Provided however, that the Chief engineer / Superintending Engineer may in his discretion reduce, in such cases as he may think fit, the said amount to such smaller amount as he may decide and his decision in writing in that respect shall be final.
(b) The quantity of materials which cannot be supplied even within 10 days with L.D. @ 1% per day, may be accepted at the discretion of the tender accepting authority with additional penalty to be decided by the tender accepting authority.
2. In every case in which the payment or allowance mentioned in Clause 1 shall have been incurred for ten consecutive days, Chief /Superintending, Engineer/Tender accepting authority shall have power either to cancel the contract altogether, or to have the supply completed without further notice at the Contractor's risk and expenses, as he may deem best suited to the interest of KMDA, and the contractor shall have no claim to compensation for any loss that he may incur in any way.
3. If the contractor shall be hindered in the supply of the materials so as to necessitate an extension of the time allowed in this tender, he shall apply in writing to the Chief Engineer/Tender accepting authority, who shall grant in writing, if reasonable grounds be shown for it, and without such written authority of the Chief Engineer/Tender accepting authority, applied for and obtained prior to the expiry of the original date provided for in the tender, the Contractor shall not claim exemption from the fine leviable under Clause – 1.
4. The Contractor shall give notice to the (consignee) Chief Engineer/Superintending Engineer Tender accepting authority of his intention of making delivery of materials, and on the materials being approved a receipt shall be granted to him by the Consignee, and no materials will be considered as delivered until so approved.
5. On the completion of delivery of materials, the Contractor shall be furnished a certificate to that effect, but the delivery will not be considered complete until the Contractor shall have removed all rejected materials and shall have approved materials stacked or placed in such position as may be pointed out to him.
6. The materials shall be of best description and in strict accordance with the specification, and the Contractor shall receive payment for such materials only as are approved and passed by the Executive Engineer or the Assistant Engineer.
7. In the event of materials being considered by the Consignee to be inferior to that described in the specification, the Contractor, shall on demand in writing forthwith remove the same at his own charge and cost, and in the event of his neglecting to do so within such period as may name by the Consignee, that officer may have such rejected materials removed at the Contractor's risk and expense, the expense incurred being liable to be deducted from any sums due or which may become due, to the Contractor.
8. If the Contractor or his work-people break or deface any building, road, fence enclosure or grass land or cultivated land, he shall make good the same at his own expense and in the event of his refusing or failing to do so, the damage shall be repaired at his expense by the Consignee, who shall certify for the deduction of the cost from any sum due, or which may become due, to the Contractor.
9. The Contractor shall supply at his own expense all tools, plants and implements, required for the due fulfillment of his contract, and the materials shall remain at his risk till the date for final delivery unless it shall have been in the meantime removed for use by the Consignee.
10. The decision of the Chief/Superintending Engineer for the time being shall be final binding and conclusive on all questions relating to the meaning of the specification.
11. The Chief/Superintending Engineer/Tender accepting authority shall have omissions power to make any alterations in, from, additions to, or substitutions for, the original specifications, drawings, design and instructions, that may appear to him to be necessary or advisable during the course of supply of the materials and the contractor shall be

bound to supply the materials in accordance with any Instructions which may be given to him in writing signed by the Chief Engineer/Tender accepting authority and such alterations, omissions, additions or substitutions shall not invalidate the contract; and any altered, additional or substituted materials which the Contractor may be directed to supply in the manner above specified as part of the work shall be supplied by the Contractor on the same conditions in all respect on which he agreed to do the main work, and at the same rates as are specified in the tender for the main work. Time for the completion of the supply shall be extended in the proportion that the altered, additional or substituted quantity of materials bear to the original quantity and the certificate of the Chief Engineer/Tender accepting authority shall be conclusive to such proportion. And if the altered, additional or the substituted materials include any class of materials, for which no rate is specified in the contract, then such class of materials shall be supplied at the rates entered in the schedule of rates of the Presidency Circle of P.W.D which was in force at the time of the acceptance of the contract, and if, such class of materials, are not entered in the schedule of the rates, then, the Contractor, Shall within seven days of the date of his receipt of the order to supply the materials inform Chief Engineer/Tender accepting authority of the rate which it is his intention to charge for such class of materials and if the Chief Engineer/Tender accepting authority does not agree to this rate, he shall, by notice in writing, be at liberty to cancel his order to supply such class of materials and arrange the supply thereof in such manner as he may consider advisable, provided always that if the Contractor shall commence supply or incur any expenditure in regard there to before the rates shall have been determined as lastly herein before mentioned, then, and in such case he shall only be entitled to be paid in respect of the supply made or expenditure incurred by him prior to the date of the determination, of the rate as aforesaid according to such rate or rates as shall be fixed by the Chief Engineer/Tender accepting authority. In the event or a dispute, the decision of the Chief/Superintending Engineer of K.M.D.A shall be final.
